Thieves Crack Safe Sears Hdwe.

Sixteen shotguns and rifles—valued at \$2,000—were stolen from the Sears Hardware Store in Canal Point sometime Monday night. Thieves also took 47 silver dollars that proprietor, Harlan H. Sears, had placed in a container in the store safe.

The safe was broken into and contents scattered over the floor back of Mr. Sears' desk. The intruders overlooked two small cardboard boxes in which Mr. Sears kept the state sales tax. The money in these two boxes amounted \$150.00, he said.

Ammunition for the guns was not touched, Mr. Sears said. The looters did take a Sunbeam Mixer-master and one alligator billfold, he said.

Entrance was gained through a small hole in the wallboard about 12 inches square. The looters had pried loose an outside solid window which allowed them to chisel through the wall board. It is thought that a small man entered through the wall and opened one of the side doors allowing his co-worker to enter.

It was announced that the Zone Social and Ladies Night program for the Pahokee, Canal Point and Okeechobee clubs will be held on Tuesday night, December 6, at 7:30 p.m. at the Pahokee Lions Club building. The social will be in observance of the 50th anniversary of Lions International. Mrs. Jackie Sims and daughter, Gay, are the guests of her father, Broward Allen, at Zolfo Springs.

This is Kirk country!

Claude Kirk at the top of the state Republican ticket and all opposed R-publican candidates in Palm Beach county made a clean sweep in Tuesday's voting—electing every Republican who had offered for office and whipping the whole string of Democratic candidates. Kirk's election will see a Republican occupying the state house in Tallahassee for the first time since the civil war.

Palm Beach county voters must have known that a Republican was going to occupy the governor's chair next January because they elected a complete Republican slate of legislators to assist in the 1967 law making. Five House members and one new state senator will join the lone Palm Beach county Democrat—State Senator Jerry Thomas when the legislature opens next April.

The vote in Palm Beach county was 51,421 votes for Kirk and 28,454 for High. The county voted against Democrat Broward Williams, who won state-wide for a full term as treasurer. The county also voted against Attorney General Earl Fairoloth who also won state-wide for another full term.

County Commissioner Lake Lytal, a 24-year veteran, was defeated by newcomer Dan Gaylor by a vote of 40,412 to 31,417. Republican County Commissioner George Warren of Delray Beach was re-elected by a handsome majority over his Democratic opponent—Al Avery, Mayor of Delray.

Communications Network For Pahokee Police

A. J. Gamot, Sr., police commissioner for the Pahokee City Council, made a motion at the regular meeting on Monday night to join with the suggested law enforcement communications network suggested by the Palm Beach County Grand Jury. His motion was seconded by Lee Carroll Parker.

The communications network will cost the city \$20 for installation and \$59 per month toll charge. The setup is being organized through the efforts of State Attorney Thomas Johnson, working with Southern Bell Telephone and Telegraph Company officials, according to Police Chief Charles M. Brown.

Presently, the Pahokee Police Department depends on the Florida Highway Patrol Sub-station for dispatching and teletype service. If all the departments subscribe to the communications network, there will be 15 police departments and the sheriff's office using the service.

Sugar Cane Workers Pay Is Up 10c

The USDA has announced a 10 cent an hour increase in the minimum wage rates for workers employed in production, cultivation and harvesting of sugarcane in Florida, according to O. P. McArthur, State Executive Director, Agricultural Stabilization and Conservation Service, Gainesville. The new minimum wage rates will become effective November 14, 1966.

The minimum rates will be \$1.55 per hour for tractor drivers and operators of mechanical harvesting and loading equipment and \$1.35 per hour for all other workers. Cane cutters who harvest cane by hand perform the largest part of the unskilled labor in cane fields and are usually paid at piece work rates. Their earnings generally exceed the specified minimum rate. Skilled and semi-skilled workers are normally employed by the hour and are usually paid at rates higher than the established minimum.

The new wage rate determination also provides that youths, 14 to 19 years of age, may not be employed for more than eight hours a day. Handicapped workers whose productive capacity is impaired, as certified by the State Employment Service, may be employed at rates of not less than 75 percent of the basic minimum rate.

Payment of wages of not less than those set by the Secretary of Agriculture is "fair and reasonable" is a requirement that producers must meet to qualify for payments under the sugar Act. USDA officials have stated that the wage increases are within producers' ability to pay. Favorable growing conditions have prevailed during the current season and yields are expected to exceed those of the previous three crops.

The sugar program for Florida is administered through the Hendry ASCS County Office in Clewiston.

Mackie Brothers In New Development

BROOKSVILLE (FNS) The purchase of 22,000 acres in Hernando County for a Mackie Brothers development has been announced by the Deltona Corp.

This marks the third major development underway in Florida by the Mackie Brothers, units being Deltona near Deland and the Marco Island resort near Naples.

Some 50,000 persons are expected to eventually live in the new Hernando County community with some 25,000 expected to move there within the next 10 years.

Ground is expected to be broken next spring with an opening slated in the fall of 1967. About 15,000 of the 22,000 acres will be developed.

Giant Cross Dedicated St. Augustine

ST. AUGUSTINE (FNS) A giant metal cross was dedicated last week in St. Augustine to the memory of a small group of Spanish missionaries who landed in the historic town some 400 years ago.

Archbishop Casimiro Morcillo of Madrid, Spain, blessed the stainless steel cross which rises 208 feet above the Mission of Nombre de Dios supposedly the first Christian settlement in the New World.

Officials say 15 to 20,000 persons attended the ecumenical dedication of the 20-story tall cross. After the dedication a 5,000-voice choir of children from the 41 counties of the St. Augustine diocese sang as a procession approached an outdoor altar behind the Prince of Peace Church for an Eucharistic congress.

Marquis Alfonso Merry del Val, Spanish ambassador to the U. S., and representatives of several Protestant religions also took part in the dedication of the cross which can be seen from as far as 20 miles at sea.

Financed by contributions from all over the U. S., the cross was designed by Eugene Kennedy of Boston and was shipped to St. Augustine in five pieces. It was then welded together and put in place by three huge cranes.

Miss Margaret Rose Kistner of West Palm Beach was the weekend guest of her grandmother, Mrs. H. J. Anderson, in Pahokee while Mr. Anderson was in New York seeing his sister, Mrs. Agnes Christensen, off on a plane for Esbjerg, Denmark.

Can Sugar Prevent Heart Attacks?

Members of the American Medical Association, which held its 150th annual convention in Philadelphia a couple of weeks ago, were told about scientific studies being made at the Philadelphia General Hospital to determine the most significant factors in the development of heart disease.

Dr. Samuel Bellet, chief of cardiology at Philadelphia General Hospital said coffee, tea and cola drinks are facts "of significant importance" and may be even more important than smoking in setting the stage for heart attack. According to Dr. Bellet, the ingredients common to all three beverages are caffeine. Caffeine sets off a series of chemical reactions which result in the breaking loose of fatty acids from their normal storage places in the body so that they travel around in the blood stream.

The adherence of those fatty acids to the inner walls of arteries, accumulating over a long period of years, makes the arteries narrower and less flexible—a condition doctors call arteriosclerosis.

In studies conducted at the Philadelphia General Hospital, rises in the fatty acid content of the blood occurred in all patients after drinking caffeine-containing coffee. The studies also showed that putting sugar in coffee sharply reduced the tendency of fatty acids to move into the blood stream.

The same thing would be true of the cola drinks, according to Dr. Bellet and people who drink the diet substitute for sugar reduce their intake of calories but end up with more fatty acids in their blood.

Myrtle G. Platt Weds R. G. Thompson

Mrs. Myrtle G. Platt of Pahokee and Royce G. Thompson of Perry, Florida, were married in a double-ring ceremony at the Canal Point Baptist Church Saturday, November 5, at 3:00 p.m., with Rev. Lawrence Stewart, pastor, officiating.

The altar was decorated with large fan-shaped arrangements of gladioli, mums and fuzz top pompons in varied shades of pink.

Miss Brenda Andrews, pianist, played traditional nuptial music and accompanied Mrs. Lawrence Stewart as she sang "Whither Thou Goest" and "The Lord's Prayer."

The bride wore a cathedral print one-piece wool dress in shades of blue with matching accessories and an off-the-face blue velvet hat. Her wrist corsage featured a white cattleya orchid with purple throat.

Mrs. Jess M. Elliott was matron of honor and the bride's only attendant. Her lime one-piece dress had a full-length matching coat and matching accessories. She wore a bee-hive hat of white satin and net touched with lime-edged flowers and a corsage of yellow feathered carnations.

Larry Thompson of Monticello served as his brother's best man.

Hostesses at the reception held in the social hall of the church after the ceremony were Mrs. J. E. Williams and the three daughters of the bride: Mrs. August W. Schell, Jr., Mrs. R. B. Chastain and Miss Judy Platt. The table, laid with a white cloth, was lighted with pink tapered in silver candelabra and was decorated with an arrangement of pink gladioli, fuzz top pompons and carnations. Silver service was used for the refreshments. Mrs. Anthony Sullivan, niece of the bride, attended the guest book.

Following the reception, Mr. and Mrs. Thompson left for their new home at Perry.

The bride, a licensed practical nurse, has served as a member of the nursing staff at Everglades Memorial Hospital for the past several years. Mr. Thompson is employed by the Florida State Road Department as District Two construction engineer.

Methodists Complete New Church Parlor

At the November meeting of the Woman's Society of Christian Service of the Pahokee First Methodist Church, held at the church Monday night with the president, Mrs. Robert C. Hatton, presiding, Mrs. Thor Hatton, chairman of the Vena Mae Schroder Circle, reported that the church parlor has been completed and is being turned over to the church for use, as needed and desired.

The Vena Mae Schroder Circle several months ago assumed as a project the converting of the empty room on the second story above the church office into a parlor, and since then, its members have been diligently at work on this project. The parlor has been beautifully furnished and many hours were spent by circle members in redecorating the furniture in a classic antique green and off-white finish. At the meeting Mrs. Hatton expressed the gratitude of the group to Claude Padgett, electrician, for time and materials donated, to Robert C. Hatton for the donation of an air-conditioning unit and to all others who have assisted in any way in making the dream of a church parlor a beautiful reality.

At the close of the WSCS meeting, a ceremony dedicating the new church parlor was conducted by Rev. John A. Briley, pastor, and refreshments were served by Mrs. Robert D. Apelgren, hospitality chairman, and her committee. In other reports given at the meeting, Mrs. Lloyd Hundley, chairman of the Gertrude Shirley Circle,

announced that her circle is preparing to send a number of gifts, including towels and personal toiletries, articles to the Dinkins Memorial Camp near Indiantown, and persons "other" than circle members who wish to contribute gifts to this project, are asked to take them to Mrs. Ernest Maxwell.

It was also announced that Mrs. Duncan Padgett is selling Christmas cards for the WSCS, and these cards may be viewed at her office in the Chamber of Commerce building, or she will see that samples of these cards are taken to the home of anyone interested in them. Other announcements: Laymen's Day will be observed at the church Sunday, November 13; and Rev. Donald Padgett of Jacksonville, son of Mayor and Mrs. Duncan Padgett, will be the evangelist at the forthcoming revival at the church.

Mrs. Ralph Johnson, program chairman, introduced C. M. Todd and Ellis Murphy, members of the Men's Bible Class, who dressed in costume, gave an introduction to the Book of James and the First Book of Peter through an interchange of Scriptural passages from the two books.

The WSCS attendance pin for November was awarded to the Gertrude Shirley Circle. Mrs. Ellis Murphy gave the opening prayer and Mrs. Ralph Johnson, the closing prayer.

Now—U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger, beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
